this volume addresses the subject of categories what are they how are they used in speaking and thinking what role do they play in our moral deliberations why are there different sorts of categories and are categories independent of our thinking and speaking giving objective form to the world we aim to think and speak about these and other questions concerning categories have been part of philosophy from the very beginning and they raise foundational issues in metaphysics epistemology ethics and other branches of philosophy yet pursuing answers to these questions has proven difficult because investigations into categories push us

to the very limits of what we can know the essays in this volume written by a mix of well established and younger philosophers bridge divides between historical and systematic approaches in philosophy as well divides between analytical continental and american traditions they offer new interpretations of aristotle confucius aquinas buridan kant pierce husserl and wittgenstein and they challenge received views on normativity the value of set theory the objectivity of category schemes and other topics this volume the first to offer a comprehensive examination of the subject challenges mainstream positions on category theory it will be of particular interest to philosophers and others concerned with how the world is divided about the editors michael gorman is assistant professor of philosophy at the catholic university of america jonathan j sanford is assistant professor of philosophy at franciscan university of steubenville the contributors in addition to the editors michael gorman and jonathan j sanford the contributors are c wesley demarco dagfinn føllesdal newton garver jorge j e gracia carl hausman helen lang william e mcMahon timothy s quinn may sim barry smith robert sokolowski eleonore stump mariam thalos and david weissman praise for the book all of the essays in this collection are new written especially for this volume many of them do a wonderful job of showing the similarities and differences between the major thinkers on the nature of categories this book will serve as a valuable and informative tool to the specialist and non specialist alike lloyd newton review of metaphysics
